

Dominican University of California Accreditation History

First accredited: March 2017

Next review: March 2032

Maximum class size: 40

Page 1 of 3

September 2023

Accreditation-Continued (following Focused Visit); Program has demonstrated continued and sufficient compliance with the ARC-PA *Standards*. Next Comprehensive Evaluation: March 2032. Maximum class size: 40.

No report required.

The commission **accepted the report** addressing 5th edition

- **Standard A2.09g** (provided evidence program director is knowledgeable about and responsible for completion of ARC-PA required documents)
- **Standard B3.03a** (provided evidence supervised clinical practice experiences enable all students to meet the program's learning outcomes for preventive, emergent, acute, and chronic patient encounters)
- **Standard B3.04a** (provided evidence supervised clinical practices occur in the emergency department setting)
- **Standard B3.04b** (provided evidence supervised clinical practice experiences must occur in the inpatient setting)

The commission **acknowledged the report** providing evidence of

- Updates to the program's Program Management Portal and website. No further information requested.

March 2023

Adverse Action-Accreditation-Probation due to noncompliance concerns regarding:

- The sponsoring institution's responsibility for complying with ARC-PA accreditation *Standards* and policies.
- The sponsoring institution's support for the program in securing clinical sites and preceptors sufficient in number to allow all students to meet the program's learning outcomes for supervised clinical practice experiences.
- The program director's knowledge of and responsibility for completion of ARC-PA required documents.
- Supervised clinical practice experiences that enable all students to meet program defined learning outcomes for emergent patient encounters.
- Supervised clinical practice experiences that occur in the emergency department and inpatient settings.

A focused probation site visit will need to occur in advance of the March 2025 commission meeting. The program's maximum class size remains 40. The program requested reconsideration of the commission's action. The action was upheld.

Report due May 15, 2023 (*Standards*, 5th edition):

- Update PANCE pass rate data in the program portal and the Attrition Table on the program website

Report due July 15, 2023 (*Standards*, 5th edition):

- **Standard A2.09g** (lacked evidence program director is knowledgeable about and responsible for completion of ARC-PA required documents)

Dominican University of California Accreditation History

Next review: March 2032

Maximum class size: 40

Page 2 of 3

- **Standard B3.03a** (lacked evidence supervised clinical practice experiences enable all students to meet the program's learning outcomes for preventive, emergent, acute, and chronic patient encounters)
- **Standard B3.04a** (lacked evidence supervised clinical practices occur in the emergency department setting)
- **Standard B3.04b** (lacked evidence supervised clinical practice experiences must occur in the inpatient setting)

March 2022 (following Final Provisional review)

Accreditation-Continued; Program has demonstrated continued and sufficient compliance with the ARC-PA *Standards*. Next Comprehensive Evaluation: March 2032. Maximum entering class size: 40.

No report required.

March 2021

The commission **acknowledged the report** providing evidence of

- Update regarding changes in response to COVID-19. No further information requested.

The commission **accepted the report** addressing 4th edition

- **Standard C3.01** (provided evidence the program conducts documented evaluations of students related to learning outcomes for the supervised clinical education components). No further information requested.

September 2020

The commission **did not accept the report** addressing 4th edition

- **Standard C3.01** (lacked evidence the program conducts documented evaluations of students related to learning outcomes for the supervised clinical education components).

Additional information (preceptor evaluation forms to assess learning outcomes and instructional objectives and verify student competence of the technical skills) due September 14, 2020.

June 2020

The commission **acknowledged the report** providing evidence of

- The proposed plan in response to COVID-19. No further information requested.

March 2020 (following Provisional Monitoring review)

Accreditation-Provisional; Next Comprehensive Evaluation: March 2022 (Final Provisional). The approved maximum class size remains 40 for the third class.

Report due May 15, 2020 (*Standards*, 4th edition) -

- **Standard C3.01** (lacked evidence the program conducts documented evaluations of students related to learning outcomes for the supervised clinical education components).

No report due (commission expects program to submit all reports and documents as required by the ARC-PA with the initial submission) -

Dominican University of California Accreditation History

First accredited: March 2017

Next review: March 2032

Maximum class size: 40

Page 3 of 3

- **Standard A3.15a** (lacked evidence program defines, publishes and makes readily available to prospective students admission related information to include admission and enrollment practices that favor specified individuals or groups (if applicable))
- **Standard A3.16** (lacked evidence program makes student admission decisions in accordance with clearly defined and published practices of the institution and program)

March 2018

The commission **accepted the report** addressing 4th edition

- **Standards B3.07d-f** (provided evidence of that all students would have supervised clinical practice experiences [SCPEs] with preceptors practicing in d) pediatrics, e) ob/gyn and f) behavioral and mental health care). No further information requested.

September 2017

The commission **accepted the report** addressing 4th edition

- **Standards B3.06a-b** (provided evidence of SCPEs with a) physicians specialty board certified in their area of instruction and b) PAs teamed with physicians who are specialty board certified in their area of instruction). No further information requested.

The commission **did not accept the report** addressing 4th edition

- **Standards B3.07d-f** (lacked evidence that all students would have supervised clinical practice experiences [SCPEs] with preceptors practicing in d) pediatrics, e) ob/gyn and f) behavioral and mental health care). Report due December 10, 2017.

March 2017

Accreditation-Provisional; Next Comprehensive Evaluation: March 2020 (Provisional Monitoring). The program is approved for up to 24 students in the first class of students, 30 in the second class and 40 in the third class.

Report due May 31, 2017 (*Standards*, 4th edition) -

- **Standards B3.06a-b** (lacked evidence of SCPEs with a) physicians specialty board certified in their area of instruction and b) PAs teamed with physicians who are specialty board certified in their area of instruction)
- **Standards B3.07d-f** (lacked evidence of supervised clinical practice experiences [SCPEs] with preceptors practicing in d) pediatrics, e) ob/gyn and f) behavioral and mental health care).

No report due (commission expects program to submit all reports and documents as required by the ARC-PA with the initial submission) -

- **Standard A3.17f** (lacked evidence program defines, publishes and makes readily available to students upon admission academic performance and progression information to include policies and procedures for remediation and deceleration)
