

## Elizabethtown College Accreditation History

First accredited: March 2022  
Next review: September 2024  
Maximum class size: 30  
Page 1 of 2

### March 2024

The commission **accepted the report** providing evidence of

- Updated preceptor list, updated preceptor files, program's completed initial evaluations demonstrating preceptors will enable to meet program learning outcomes in women's health, to include prenatal and gynecologic care, and documentation of how many students per cohort the preceptor has agreed to

No further information requested.

### June 2023

The commission **reviewed and additional information requested** of the report providing evidence of

- documentation demonstrating the program has sufficient preceptors who will enable students to meet program defined learning outcomes in women's health, to include gynecologic and prenatal care

Additional information (updated preceptor list, updated preceptor files, program's completed initial evaluations demonstrating preceptors will enable to meet program learning outcomes in women's health, to include prenatal and gynecologic care, and documentation of how many students per cohort the preceptor has agreed to) due October 1, 2023.

### March 2023

The commission **reviewed and additional information requested** of the report addressing 5<sup>th</sup> edition

- **Standard B3.03b** (provided evidence supervised clinical practice experiences enable all students to meet the program's learning outcomes across the life span, to include infants, children, adolescents, adults, and the elderly)
- **Standard B3.06a** (provided evidence supervised clinical practice experiences occur with physicians who are specialty board certified in their area of instruction)
- **Standard B4.01a, b** (provided evidence student assessment in the supervised clinical practice experience components a) aligns with what is expected and taught and b) allows the program to identify and address any student deficiencies timely)

Additional information (documentation demonstrating the program has sufficient preceptors who will enable students to meet program defined learning outcomes in women's health, to include gynecologic and prenatal care) due March 31, 2023.

### September 2022

The commission **did not accept** the report addressing 5<sup>th</sup> edition

- **Standard B3.03b** (lacked evidence supervised clinical practice experiences enable all students to meet the program's learning outcomes b) across the life span, to include infants, children, adolescents, adults, and the elderly)
- **Standard B3.06a** (lacked evidence supervised clinical practice experiences occur with physicians who are specialty board certified in their area of instruction)
- **Standard B4.01a, b** (lacked evidence student assessment in the supervised clinical practice experience components a) aligns with what is expected and taught and b) allows the program to identify and address any student deficiencies timely)

Additional information (all requested information in response to each citation) due September 30, 2022.

### March 2022

Accreditation-Provisional; Program has not yet enrolled students but plans and resource allocation, if fully implemented as planned, demonstrate the probability to meet the ARC-PA *Standards*. Next Comprehensive Evaluation: September 2024 (Provisional Monitoring). The program is approved for up to 30 students.

Report due June 30, 2022 (*Standards*, 5<sup>th</sup> edition) -

- **Standard B3.03b** (lacked evidence supervised clinical practice experiences enable all students to meet the program's learning outcomes b) across the life span, to include infants, children, adolescents, adults, and the elderly)
- **Standard B3.06a** (lacked evidence supervised clinical practice experiences occur with physicians who are specialty board certified in their area of instruction)
- **Standard B4.01a, b** (lacked evidence student assessment in the supervised clinical practice experience components a) aligns with what is expected and taught and b) allows the program to identify and address any student deficiencies timely)

No report due (commission expects program to submit all reports and documents as required by the ARC-PA with the initial submission) -

- **Standard E1.03** (lacked evidence the program submits reports or documents as required by the ARC-PA; corrected subsequent to the visit)
