- **Standard A2.16** (provided evidence all instructional faculty actively serving as supervised clinical practice experience preceptors hold a valid license to practice at the clinical site)
- **Standard A2.17a** (provided evidence that in each location to which a student is assigned for didactic instruction or supervised clinical practice experiences, the program informs the student which principal or instructional faculty member is designated by the program to assess and supervise the student's progress in achieving the learning outcomes it requires of students and how to contact this faculty member)
- **Standard A2.17b** (provided evidence that in each location to which a student is assigned for didactic instruction or supervised clinical practice experiences, the program orients all instructional faculty to specific learning outcomes it requires of students)
- **Standard B2.11d** (provided evidence the curriculum includes instruction in the patient response to illness or injury area of social and behavioral sciences and its application to clinical practice)
- **Standard B2.11e** (provided evidence the curriculum includes instruction in the patient response to stress area of social and behavioral sciences and its application to clinical practice)
- **Standard B2.12c** (provided evidence the curriculum includes instruction about basic counseling and patient education skills that is patient centered, culturally sensitive and focused on helping patients develop coping mechanisms)
- **Standard B3.01** (provided evidence the program secures clinical sites and preceptors in sufficient numbers to allow all clinical students to meet the program's learning outcomes for supervised clinical practice experiences)
- **Standard B3.06a** (lacked evidence supervised clinical practice experiences occur with physicians who are specialty board certified in their area of instruction)
- **Standard B3.06b** (provided evidence supervised clinical practice experiences occur with NCCPA certified PAs)
- **Standard B3.06c** (provided evidence supervised clinical practice experiences occur with other licensed health care providers qualified in their area of instruction)
- **Standard B3.07a** (lacked evidence supervised clinical practice experiences occur with preceptors who enable students to meet program defined learning outcomes for family medicine)
- **Standard B3.07b** (lacked evidence supervised clinical practice experiences occur with preceptors who enable students to meet program defined learning outcomes for emergency medicine)

- Sponsoring institutional responsibility for ensuring effective program leadership.
- Provision of sufficient program principal faculty necessary to operate the educational program, comply with the *Standards*, and fulfill obligations to matriculating and enrolled students.
- Sponsoring institutional support of compliance with the ARC-PA accreditation *Standards* and policies.
- Sufficient guidance provided by the sponsoring institution to the program to ensure it implemented a comprehensive ongoing self-assessment process.
- Sponsoring institutional support of the program in securing sufficient clinical sites and preceptors to allow students to meet the program learning outcomes for supervised clinical practice experiences.
- The program director's knowledge of and responsibility for program administration, programmatic review and analysis, completion of ARC-PA required documents, and adherence to the *Standards* and ARC-PA policies.
- Instructional faculty who are qualified through academic preparation and/or experience and knowledgeable and effective in teaching assigned subjects.
- A process to verify and document that preceptors used for supervised clinical practice experiences hold a valid license and are specialty board certified in their area of instruction.
- Supervised clinical practice experiences that occur with preceptors who enable students to meet program learning outcomes for family medicine, emergency medicine, internal medicine, surgery, pediatrics, women's health, and behavioral and mental health care.
- Evaluation of student performance in meeting learning outcomes that are aligned with what is expected and taught and that allow the program to identify and address student deficiencies in a timely manner.
- A process for initial and ongoing evaluation of clinical sites.
- Implementation of an ongoing self-assessment process that includes critical data analysis with application of results to identify program strengths, areas in need of improvement, and action plans.
- Submission of the application and associated documents as required by the ARC-PA.

A focused probation visit will occur in advance of the September 2025 commission meeting. The program's maximum class size remains 30. The program did not appeal the commission's decision.
