September 2022

The commission **accepted** the report addressing 5th edition

- **Standard A3.08a** (provided evidence of defining, publishing, making readily available and consistently applying policies addressing student exposure to infectious and environmental hazards before students undertake any educational activities which would place them at risk to include a) addressing methods of prevention)
- **Standard A3.13C** (provided evidence of defining, publishing, consistently applying and making readily available to prospective students, policies and procedures to include c) practices for awarding or granting advanced placement)

No further information requested.

March 2022

Accreditation-Provisional; Program has not yet enrolled students but plans and resource allocation, if fully implemented as planned, demonstrate the probability to meet the ARC-PA *Standards*. Next Comprehensive Evaluation: September 2024 (Provisional Monitoring). The program is approved for up to 50 students.

Report due June 30, 2022 (*Standards*, 5th edition) -

- **Standard A3.08a** (lacked evidence of defining, publishing, making readily available and consistently applying policies addressing student exposure to infectious and environmental hazards before students undertake any educational activities which would place them at risk to include a) addressing methods of prevention)
- **Standard A3.13C** (lacked evidence of defining, publishing, consistently applying and making readily available to prospective students, policies and procedures to include c) practices for awarding or granting advanced placement)
