### June 2024

The commission **accepted** the report addressing 5<sup>th</sup> edition

- **Standard A2.13a** (provided evidence instructional faculty are qualified through academic preparation and/or experience to teach assigned subjects)
- **Standard A3.13b** (provided evidence the program defines, publishes, consistently applies and makes readily available to prospective students, policies and procedures to include admission requirements regarding prior education or work experience)
- **Standard A3.13c** (provided evidence the program defines, publishes, consistently applies and makes readily available to prospective students, policies and procedures to include practices for awarding or granting advanced placement)

No further information requested.

### June 2023 (following Provisional Monitoring review)

Accreditation-Provisional; Program demonstrates continued progress in complying with the *Standards* as it prepares for the graduation of the first class of students. Next Comprehensive Evaluation: 2025 June (Final Provisional). Maximum class size: 40.

Report due December 31, 2023 (*Standards*, 5<sup>th</sup> edition):

- **Standard A2.13a** (lacked evidence instructional faculty are qualified through academic preparation and/or experience to teach assigned subjects)
- **Standard A3.13b** (lacked evidence the program defines, publishes, consistently applies and makes readily available to prospective students, policies and procedures to include admission requirements regarding prior education or work experience)
- **Standard A3.13c** (lacked evidence the program defines, publishes, consistently applies and makes readily available to prospective students, policies and procedures to include practices for awarding or granting advanced placement)

No report due (commission expects program to submit all reports and documents as required by the ARC-PA with the initial submission):

- **Standard A3.14** (lacked evidence the program makes student admission decisions in accordance with clearly defined and published practices of the institution and program)

### June 2021

The commission **accepted the report** providing evidence of

- Supervised clinical practice experience [SCPE] learning outcomes for each required rotation and the narrative describing how the program aligns student assessment with expected SCPE learning outcomes. No further information requested.

### March 2021

The commission **reviewed and more information requested** from the report addressing 5<sup>th</sup> edition

- **Standard A3.10** (provided evidence the program defines and publishes written policies that provide for timely access and/or referral of students to services addressing personal issues which may impact their progress in the PA program),
- **Standards B3.03c and d** (provided evidence of learning outcomes for c) women's health and d) conditions requiring surgical management) and
