September 2023

The program received an alert through the Program Management Portal that the number of students exceeded the maximum entering class size. The program submitted the required Exceeding Class Size report. The commission **accepted the report**. No further information requested.

September 2022

The program received an alert through the Program Management Portal that the number of students exceeded the maximum entering class size. The program submitted the required Exceeding Class Size report. The commission **accepted the report**. No further information requested.

September 2021

The commission **accepted the report** addressing 5th edition

- **Standard B4.01a** (provided evidence student assessment in the supervised clinical practice experience components parallels what is expected of students and taught). No further information requested.

The commission **accepted the report** providing evidence of

- The hiring of Academic Services Administrator. No further information requested.

June 2021

The program received an alert through the Program Management Portal that the number of students exceeded the maximum entering class size. The program submitted the required Exceeding Class Size report. The commission **accepted the report**. No further information requested.

March 2021 (following Final Provisional review)

Accreditation-Continued; Next Comprehensive Evaluation: March 2031. Maximum class size 50.
Report due June 16, 2021 (*Standards*, 5th edition) -

- **Standard B4.01a** (lacked evidence student assessment in the supervised clinical practice experience components parallels what is expected of students and taught).

The commission **reviewed and more information requested** for the report providing evidence of

- Follow-up for the class of 2020 on graduation; confirmation all students met all program and supervised clinical practice experience learning outcomes and completed summative testing.

Additional information (update on hiring of Academic Services Administrator) due June 16, 2021.

September 2020

The program's PANCE pass rate percentage was 85% or less for its 2019 cohort. The program submitted the required analysis of PANCE performance. The commission **accepted the report**. No further information requested.

June 2020

The commission **acknowledged the report** providing evidence of

- The proposed plan in response to COVID-19.

Maximum class size: 50

Page 2 of 3

Additional information (updates on class of 2021 and hiring of an AA and follow-up for the class of 2020 on graduation; confirmation all students met all program and supervised clinical practice experience learning outcomes and completed summative testing) due July 15, 2020.

September 2019

The commission **accepted the report** addressing 4th edition

- **Standard B3.02** (provided evidence of supervised clinical practice experiences [SCPEs] enabling students to meet the program's learning outcomes), and
- **Standards B3.03a-d** (provided evidence of defined learning outcomes and verification that SCPEs enabled all students to meet the program's learning outcomes for patients seeking a) medical care across the life span, b) women's health, c) surgical management and d) behavioral and mental health conditions). No further information requested.

March 2019 (following Provisional Monitoring review)

Accreditation-Provisional; Next Comprehensive Evaluation: March 2021 (Final Provisional). Maximum entering class size remains 50 for the third class.

Report due May 17, 2019 (*Standards*, 4th edition) -

- **Standard B3.02** (lacked evidence of supervised clinical practice experiences [SCPEs] enabling students to meet the program's learning outcomes), and
- **Standards B3.03a-d** (lacked evidence of defined learning outcomes and verification that SCPEs enabled all students to meet the program's learning outcomes for patients seeking a) medical care across the life span, b) women's health, c) surgical management and d) behavioral and mental health conditions).

March 2017

The commission **accepted the report** addressing 4th edition

- **Standard A1.03f** (provided evidence the sponsoring institution ensures that all PA personnel and student policies are consistent with federal regulations) and
- **Standard A3.17c** (provided evidence that requirements for progression in and completion of the program were readily available to students upon admission). No further information requested.

September 2016

Accreditation-Provisional; Next Comprehensive Evaluation: March 2019 (Provisional Monitoring). The program is approved for up to 30 students in the first class, 40 in the second class and 50 in the third class.

Report due February 1, 2017 (*Standards*, 4th edition) -

- **Standard A1.03f** (lacked evidence the sponsoring institution ensures that all PA personnel and student policies are consistent with federal regulations) and
- **Standard A3.17c** (lacked evidence that requirements for progression in and completion of the program were readily available to students upon admission).
