September 2024 (following Provisional Monitoring review)

Accreditation-Provisional; Program demonstrates continued progress in complying with the *Standards* as it prepares for the graduation of the first class of students. The commission noted three areas of noncompliance with the *Standards*. Next Comprehensive Evaluation: September 2026 (Final Provisional). Maximum class size: 50.

Report due January 20, 2025 (*Standards*, 5th edition):

- **Standard A2.13a** (lacked evidence instructional faculty are qualified through academic preparation and/or experience to teach assigned subjects)
- **Standard B3.06c** (lacked evidence supervised clinical practice experiences occur with other licensed health care providers qualified in their area of instruction)
- **Standard B4.01b** (lacked evidence the program conducts frequent, objective and documented evaluations of student performance in meeting the program's learning outcomes and instructional objectives for both didactic and supervised clinical practice experience components that allow the program to identify and address any student deficiencies in a timely manner)

September 2022

The commission **accepted** the report addressing 5th edition

- **Standard A3.08a** (provided evidence of defining, publishing, making readily available and consistently applying policies addressing student exposure to infectious and environmental hazards before students undertake any educational activities which would place them at risk to include a) addressing methods of prevention)
- **Standard A3.13C** (provided evidence of defining, publishing, consistently applying and making readily available to prospective students, policies and procedures to include c) practices for awarding or granting advanced placement)

No further information requested.

March 2022

Accreditation-Provisional; Program has not yet enrolled students but plans and resource allocation, if fully implemented as planned, demonstrate the probability to meet the ARC-PA *Standards*. Next Comprehensive Evaluation: September 2024 (Provisional Monitoring). The program is approved for up to 50 students.

Report due June 30, 2022 (*Standards*, 5th edition) -

- **Standard A3.08a** (lacked evidence of defining, publishing, making readily available and consistently applying policies addressing student exposure to infectious and environmental hazards before students undertake any educational activities which would place them at risk to include a) addressing methods of prevention)
- **Standard A3.13C** (lacked evidence of defining, publishing, consistently applying and making readily available to prospective students, policies and procedures to include c) practices for awarding or granting advanced placement)
