### March 2025

The commission **accepted** the report providing evidence of

- Supervised clinical practice experience (SCPE) program's clinical and technical skills learning outcomes and/or instructional objectives for each required rotation and verification the program has a means to monitor and document each student's progress in achieving the clinical and technical skills required for each rotation that demonstrates alignment and ability to identify and address deficiencies in a timely manner.

No further information requested.

### June 2024

The commission **reviewed and more information requested** of the report addressing 5<sup>th</sup> edition

- **Standard B4.01a** (lacked evidence the program conducts frequent, objective and documented evaluations of student performance in meeting the program's learning outcomes and instructional objectives for both didactic and supervised clinical practice experience components that align with what is expected and taught)
- **Standard B4.01b** (lacked evidence the program conducts frequent, objective and documented evaluations of student performance in meeting the program's learning outcomes and instructional objectives for both didactic and supervised clinical practice experience components that allow the program to identify and address any student deficiencies in a timely manner)

Additional information (supervised clinical practice experience (SCPE) program's clinical and technical skills learning outcomes and/or instructional objectives for each required rotation and verification the program has a means to monitor and document each student's progress in achieving the clinical and technical skills required for each rotation that demonstrates alignment and ability to identify and address deficiencies in a timely manner) due July 17, 2024.

### September 2023

Accreditation-Provisional; Program has not yet enrolled students but plans and resource allocation, if fully implemented as planned, demonstrate the probability to meet the ARC-PA *Standards*. Next Comprehensive Evaluation: September 2026 (Provisional Monitoring). The program is approved for a maximum class size of 30.

Report due February 1, 2024 (*Standards*, 5<sup>th</sup> edition):

- **Standard B4.01a** (lacked evidence the program conducts frequent, objective and documented evaluations of student performance in meeting the program's learning outcomes and instructional objectives for both didactic and supervised clinical practice experience components that align with what is expected and taught)
- **Standard B4.01b** (lacked evidence the program conducts frequent, objective and documented evaluations of student performance in meeting the program's learning outcomes and instructional objectives for both didactic and supervised clinical practice experience components that allow the program to identify and address any student deficiencies in a timely manner)

No report required:

- **Standard D1.03** (lacked evidence that prior to the ARC-PA provisional comprehensive evaluation site visit, the program has a complete and institution-approved curriculum and has established evaluation methods for all didactic and clinical components of the program)

**University of California, San Diego**  
**Accreditation History**

First accredited: September 2023

Next review: September 2026

Maximum class size: 30
